

Interior Alaska Roofing, Inc.

Your Cold Climate Federal Roofing Partner

Capabilities Statement

CAPABILITIES NARRATIVE

Founded in 2000 and headquartered in Fairbanks, Alaska, Interior Alaska Roofing, Inc. (IAR) is a Small Business and GSA MAS Schedule holder (Contract #47QSWA23D0033) specializing in full-scope commercial and federal roofing projects in remote and extreme weather environments. With over two decades of proven performance supporting Alaskan public infrastructure, IAR delivers

turn-key roofing, insulation, and weatherization services using state-of-the-art Membrane Systems including Fleeceback or Velcro EPDM, PVC, and TPO as well as Metal Roofing and Siding Systems certified for sub-zero resilience.

IAR's federal portfolio includes competitively priced GSA labor categories, over 100-line items for materials and accessories, and specialized emergency service assets, including crane fleets, rapid-response trucks, and FEMA-registered blue tarp kits. We support DoD bases, VA hospitals, tribal facilities, and disaster recovery programs across the Pacific Northwest and Arctic regions. Our mission is to provide durable, code-compliant, and energy-efficient roofing and siding solutions—on time and on budget—anywhere in the U.S.
